Gavel
International

With nearly 30 years of combined experience in the technology, meetings and events industries, Kris Maynard has been critical to the enhanced standard of Gavel International's technology. His fresh perspective and innovative solutions continuously seek to improve scalability and adaptability without sacrificing security, compromising data, or increasing budget. Due to his dedication and excellent service, he was named Employee of the Year in 2009. As the Director of IT Services, Kris continues to transform client ideas and end-user functionality into exceptional technology experiences. His drive for continuous improvement as well as the results from his department's efforts, Gavel's clients have experienced benefits such as increased productivity. Kris has played an intricate role with clients in the automotive, artificial intelligence, cloud software, and wholesale distribution sectors as well as many other industries.
